

Koristeći elektrolizu tj. klorinator slane vode prikuplja se količina slobodnog klora iz slane vode u bazenu, dovoljno za vrhunsku dezinfekciju bazena. Slane vode su dobre za zdravlje i ne nadražuju ljudsko oko, kožu. Obrada bazenske vode pomoću sustava za kloriranje slane vode je nježna metoda sanitacije vode. Ovaj proces ne proizvodi nikakve štetne tvari, primjerice teške metale, te je ekološki prihvatljiv ne samo za korisnike nego i za okoliš. Sadržaj punjenja soli u bazensku vodu jecca 3-5 kg po m³ bazenske vode što čini samo ~ 10% morske vode, pa je sol jedva vidljiva. Punjenje solju obično se radi samo jednom godišnje, jer sol ne isparava.

Prednosti tretmana elektrolizom slane vode:

- Ne isušuje kožu
- Kristalno čista voda bez mirisa klora
- Antiseptički učinak
- Nema rukovanja i skladištenja klora
- Ekološki prihvatljiv sustav
- Sol je prirodni proizvod
- Niski troškovi rada
- Jako pogodno za osobe s osjetljivom kožom

XTREME CHLORINATOR

Salt water chlorination is by far the most popular method of pool sanitation. There are no hazardous or costly chemicals to store or use. No mess. Nothing hostile to your health.

The LCD back-lit display supports the easy navigating in the menu. Pristine dynamically tracks your settings, to maintain the set chlorine output as external environmental parameters change.

Pristine cell is robustly constructed - built to high-end design specifications - and automatically reversible for self-cleaning.

- Smart micro-computer controlled system
- Backlit intuitive navigation buttons
- Precision adjustment of chlorine output to 1%
- Dynamic tracking locks to chlorine output settings for precise chlorine production
- Super Chlorinate mode
- Low and High level Salt indicators
- Audible Alert when remedial action is required
- Automatic power reduction upon high salt condition
- Pump Protection, Spa Mode
- Self cleaning cell - standard on all models
- Large cell surface area prolongs cell life
- Exceptionally high quality cell anode material assures high efficiency.

4 YEARS OR 10000 HOURS WARRANTY
