- Up to 33m long pools, 35m cable length
- Filtration rate 34m<sup>3</sup>/h
- 1-8 hours filtration cycle. Floor cleaning
- Caddy, Remote control
- Warranty - 24 months or 3 000 hours

Programmable tracking systematically cleans the pool floor one path at a time. Intelligent, self-learning technology and multiple scanning modes delivers systematic, independent and fast cleaning of any mid-sized commercial pool of any shape or type.

Highly efficient clog-free filtration with spiral two layer system. Spiral flow system spins the water with large debris off the coarse filter net. The coarse filter mesh retains the large particles allowing the cartridge filter to run longer. The ultra-fine debris is caught in a large pleated cartridge filter. Top access, with snap-in/out separation of the layers, for easy and convenient maintenance and cleaning.

With interactive MMI for intuitive programming and diagnosis of pool cleaner, including:

Automatic pool entry and exit using "Drive to pool" and "Drive home" features. Choice of programs and multiple operation modes displayed on a user-friendly LCD screen. Remote control for manual manoeuvring to clean hard-to-reach pool corners.

## DOLPHIN WAVE 300XL
